**NEWBERRY COLLEGE.**

\*\*\*\*\*

The college will start the baseball season this week with a game between Columbia and the Co-

lumbia league team next Tuesday, March 14. The big boys have had one month's practice and are showing up fine. All of the town fans that have seen the boys working out predict for Newberry the fastest fielding team that has ever played upon the college diamond. Eldson is doing some good work in the box and will be in better trim than last year. With him or Epting and Timmons each of whom has steam, plenty of curves and good head work. Hazel is in his good old form behind the bat, which means that no opposing team will do any base-stealing against Newberry this year. Slim Wright is well able to take care of first sack and gets them anywhere anybody else can. Second base will be taken care of by Adams or Reentsierna either one of whom will get all that come that way. Pete Boozer will be on shortstop and it is a well known fact that Pete can pick up grounders like a leaguer. Back Smeltzer is back on third again this year working in grand style.

The outfielders will be hard to pick from among Neal, Perritt, Dick Floyd, R. K. Wise, Mack Johnstone, Davenport and Keitt, all of whom are good, hard hitters. Manager Cavender will bring Fie Fulenwider along with his squad from Columbia and all Newberry fans will be glad to see this old friend, who coached the boys here a little while last year.

This is the first time since 1906 that Newberry has been able to get the Columbia team up here, and give baseball lovers a chance to see them work. The schedule of games is about complete for this season, and is as follows:

## SCINTILLATIONS.

By Squibs.

An exchange asks: "Why is March windy?" The wind rocks the trees which gives the sap chance to rise.—Rock Hill Herald.

Georgetown has cement sidewalks, board streets macadamized, well laid out, and shaded with oak and elm trees.—Georgetown Times. Do people throw banana peels on your cement sidewalks?

The ladies of the Hospital association are working hard to raise the stock for the Hospital association.—Greenwood Journal. What! One in Greenwood, too?

The question of closing the Greenwood postoffice on Sunday is being agitated and it is surprising to find how many are favorable to it. And it should not be surprising for Greenwood people are a church-going people and they wish to extend these privileges to everybody.—Greenwood Journal. That is the way it ought to be all over the State.

This is no joking matter: The town clock is out of striking order, and it puts business men to inconvenience. Postoffices, etc., are run on time. Regulate the city clock or stop it altogether. It is outrageous that it should be allowed to run in such a slipshod manner.
